

Add On DLCLIST Generator

HOW TO USE ?

- Click on "Generate DLCLIST.XML"
- Select your GTA V's root folder. (The program will search automatically for requiered folders).
- Wait for "DLCList file created" message box.
- Open your GTA V's root folder and look for "DLCList" folder.
- Open it and there you have your dlclist folder with your addon dlc.
- Move that file to \update\update.rpf\common\data
(IF YOUR GAME HAVE "MODS" FOLDER: \mods\update\update.rpf
\common\data)
